

## WEEKLY UPDATE

July 1, 2020

Dear Residents and Families/Representatives,

Please accept this letter as Corinth Rehabilitation's weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility.

Our facility continues to follow the CDC and our local health department's guidance for all appropriate precautions and preventative measures to protect our residents and staff during this pandemic, including visitation recommendations. As such, and in accordance with the guidelines available to us, we are still continuing restrictions on visitation at this time.

We realize how difficult it is not to be able to see your loved ones, and we continue to closely monitor the situation in hopes that we can reopen for visitation soon. However, it is our responsibility to make sure your loved ones are as safe as possible and reopening our facility to visitors too soon could increase our residents' risk of exposure to COVID-19. As such, and for the safety and well-being of our residents, please continue to reach out to your loved ones through phone, FaceTime, letters and e-mail and feel free to contact us directly if you need assistance facilitating that communication. We also have windows in our foyer area where families can visit their loved ones and see them in person as well.

As a reminder, only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 940.270.3400.

Sincerely,

Jane Balderas, LNFA  
Administrator

## **COVID-19 NOTIFICATION**

**July 13, 2020**

**Number of additional confirmed COVID-19 cases since our last notification: 7**

Please continue to check our website for additional updates and information on what we are doing to help prevent further spread of COVID-19 in our facility.

If you have any questions or concerns about this notification, please contact us directly at 940-270-3400.

Please continue to check our website for additional updates and information on what we are doing to help prevent further spread of COVID-19 in our facility.

If you have any questions or concerns about this notification, please contact us directly at 940-270-3400.

## WEEKLY UPDATE

July 8, 2020

Dear Residents and Families/Representatives,

We hope everyone had a fun and safe July 4<sup>th</sup> weekend! Over the holiday, and always, our staff works hard to prevent the spread of COVID-19 in our facility. To date, we have had two residents test positive for COVID-19. At this time, no staff have tested positive. We will be completing building-wide testing (to include all residents and all staff members) over the next two days.

We continue to follow our federal, state and local health officials' recommendations and guidance for all appropriate precautions and preventative measures that we have reported to you on our website and previous weekly updates.

With the growing number of COVID-19 cases in certain areas of the country, it is also important to remember what you can do to help prevent community spread of the virus. You should wash your hands often with soap and water for at least 20 seconds, avoid close contact with people who are sick and people who don't live in your household by maintaining six feet of distance between you and them, cover your mouth and nose with a cloth face cover when around others, cover coughs and sneezes using the inside of your elbow and immediately wash your hands with soap and water for at least 20 seconds, and clean and disinfect frequently touched surfaces daily.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 940.270.3400.

Sincerely,

Jane Balderas, LNFA
